

Gillwoods Café

Gillwoods Café is a treasured breakfast nook among locals and those who are lucky enough to stumble upon it. There are two locations, one in Napa and one in St. Helena, where it was first opened in 1991 and became a local favorite. The menu includes delicious omelets, scrambles, and other egg dishes, not to mention pancakes, French toast and Belgium waffles.

And best of all, Gillwoods is also a bakery so you have a fresh baked selection of pastries, crossiants, and muffins. The service is great and the food is tasty. Try the Gillwoods Scramble, two eggs scrambled with Applewood smoked bacon, mushrooms, chives, tomato, cheddar and jack cheeses, you can't go wrong!
